

Moran Announces Ninth Annual Listening Tour to "Rediscover Kansas";

69 County Town Hall Meetings to Focus on Small Town Tourism

COTTONWOOD FALLS - Congressman Jerry Moran today announced his ninth annual Big First Listening Tour with stops planned in all 69 counties of the First Congressional District. This year's tour will emphasize the importance of small town tourism, with many of the stops planned at historical and tourist sites. "Rediscovering Kansas" will help focus on building awareness for Kansas tourism sites throughout the First District.

The annual listening tour provides Moran with an opportunity to meet personally with Kansans to discuss their concerns and problems, and to receive instructions on what he should focus upon in Congress.

"I am eager to begin my annual listening tour in order to discuss the issues important to Kansans and receive my marching orders," Moran said. "This year's tour will serve a dual purpose as I also help to showcase the many tourist treasures that Kansas has to offer. By helping people to 'rediscover Kansas,' we can bring to light the efforts of those that work to preserve and protect the history and individuality of our state."

The tour begins on Monday, April 18, in Cottonwood Falls and concludes on August 19 in Goodland. All events are open to the media and the public. During the tour, Moran will travel more than 5,000 miles and meet with thousands of Kansans. A full schedule follows.
